

 <p style="text-align: center;">IIS Duca degli Abruzzi</p>	Climate Action Plan	n.1
---	---	----------------------------	-----

Climate objective 1:

Reduction of electricity consumption of 10% of the annual consumption until July 2013

Measures/ Activities	Who?	Available Means	until?	done	Remarks
Check of lights switching off in regular and special classrooms.	Classroom Responsible (student) Floor Responsible (janitor)	The student will be chosen on the Classroom Representatives Elections The janitor was recently chosen.	The energy consumption data of the past school year (2011-12) will be compared to the current one (2012-13), therefore the deadline is July 2013.	The plan was introduced by the Climes Group to the other students over the past school year. It was debated in the School Assemblies and a list of good practices to follow was written down.	
Check of PCs and printers regular switching off in labs (not only in stand-by mode).	Classroom Responsible (student) Lab technicians	The student will be chosen on the Classroom Representatives Elections The lab technicians were just chosen.	idem	idem

---	---	----------------------------	-----

Climate objective 2:

Reduction of the fraction of non recyclable waste of 20% within January 2013

Measures/ Activities	Who?	Available Means	until?	done	Remarks
Monitoring of the different fractions of garbage and of their sources (hall, corridors, cafeteria, external visitors)	Climes Group students. Environmental Responsible (janitor)	The Climes Group was already established but other students can join it. An environmental responsible will be chosen among the school staff who will get an extra allowance.	The non-recyclable waste assessment has already started and it will be made fortnightly, in order to correct the ongoing actions. We think that the objective can be reached within the closing of the first four-months term (end of January 2013)	The waste collection municipal company was contacted in order to establish the checking modalities and the evaluation grids.	
Internal school award for the best recycling corridor („Il Riciclone“).	Classroom Responsibles (students)	The students will be elected in the Classroom Repre-	idem	Agreement with School Manager and Administra-
